

Dedicated Tourism, Hospitality and Events Journals

Prepared by:

May, 2022.

This list is prepared WITHOUT PREJUDICE.

Below is a list of refereed journals derived from a variety of sources. The list includes:

- Active journals with the most recent website, if available. In some cases, websites cannot be verified and in other cases no websites may be available
- Inactive journals or likely inactive journals. Note many still have active websites where one can access archived papers.
- Possible predatory journals, derived from various websites, but presented without prejudice.

The list includes only those journals that focus exclusively or primarily on tourism, hospitality or events and does not include journals that relate to such fields of study as leisure, recreation, sports, food science and the like.

While not complete, it does represent the most comprehensive list available.
